

## **Verification of Documents Notice**

When you are asked to submit proof of address documentation to verify your address, please be sure you upload a PDF copy of a utility bill or bank statement under your name, in English, that is no older than 3 months old. Make sure to follow these requirements, or delays will occur for your onboarding process.

We are doing our best to onboard you as quickly as possible. If all necessary information and documents have been correctly submitted, you can expect to be onboarded within 24h from Monday to Friday and 48h during weekends and bank holidays.
